### THE RENAISSANCE

#### OF THE HIGHBALL

The great thing about Blended Scotch Whisky is its versatility. As well as drinking *Artist's Blend* neat, with a splash of water, or with ice, you can also enjoy it in many other forms, such as a classic Highball:

- Fill highball or other suitable glass with lots of ice
- Add 60ml *Great King Street - Artist's Blend*
- Add 60ml good quality, fresh soda water/club soda
- Add 2 dashes bitters (of your choice)
- Twist, then add lemon zest, approx 2.5cm x 1cm in size
- Stir well until cold and refreshing. Let the drink sit one minute for the flavours to integrate. Then drink!
