

TOBIAS & THE ANGEL

BLENDING MALT WHISKY

Limited Edition

A culmination of almost two decades of whiskymaking.

Made from just two parcels of casks, containing whiskies which we are unlikely ever to source again at these ages. Tobias & the Angel is a culmination of two decades of whiskymaking.

We have a long-held reverence for the whiskies of the Clynelish and Caol Ila Distilleries. Ever since **ELEUTHERA**, our first malt blend released in 2002, we have known that these two single malt whiskies can complement each other exquisitely.

For the label artwork, so great is our esteem for the whiskies in this blend that we looked to Renaissance painting for inspiration.

We've chosen **TOBIAS & THE ANGEL**, a beautiful painting produced at Andrea del Verrocchio's studio in Florence during the 15th century. As was common at the time, however, **TOBIAS & THE ANGEL** showcases the talents of several artists. For example, the little dog with its graceful and minutely-observed curls of hair, and the gleaming fish carried by Tobias, were both painted by a young Leonardo da Vinci.

We love the symbolism of the naïve boy and the divine angel. To us this represents the relationship between aromatic smoke, a hallmark of Caol Ila Distillery, and the ethereal fruitiness and complexity of Clynelish.

TOBIAS & THE ANGEL is our latest study of these two unique flavour profiles, and the effects of their combination. Due to the age of the single malts involved, it is also our rarest and most precious. We hope that those able to acquire a bottle might share its contents with other whisky lovers; the Angel to their Tobias.

JOHN GLASER — Founder & Whiskymaker

FLAVOUR DESCRIPTORS

Distant bonfires underlay ethereal herbal and fruit characters, the result of extended maturation.

DISTILLERY SOURCING

A heavenly partnership of Clynelish Distillery and Caol Ila Distillery.

RECOMMENDATIONS

We believe this whisky will be best appreciated sipped at bottling strength. However, you may enjoy it any way you like.

BOTTLING DETAILS

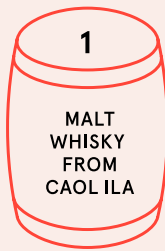

Bottled at 47.6%.
Not chill-filtered.
Natural colour.
